JOURNAL  
OFFICE OF LEGISLATIVE COUNSEL

Thursday - 13 July 1967

- 25X1 1. [ ] The Director appeared before the Joint Committee on Atomic Energy. See Memorandum for the Record.
- 25X1 2. [ ] Delivered to Jim Kendall, Senate Preparedness Investigating Subcommittee, a briefing paper on the recent ChiCom nuclear shot. Kendall also asked could we furnish him an informal note on current views on the Soviet ICBM threat.
- 25X1 3. [ ] Talked with Russ Blandford, House Armed Services Committee staff, who asked that we provide him with current data on the threat to the U. S. fleet. Blandford said this would undoubtedly come up in the next meeting but possibly we could help him by furnishing him a memorandum on this before then.
- Reviewed further with Blandford, Representative Leggett's request of the Agency for a briefing on Vietnam. Blandford stated he had taken this up with the Chairman and that we should stand fast that Mr. Rivers has requested the Agency not to brief House members other than members of the CIA Committee.
- 25X1 Mr. Blandford asked if we have any information about a press story concerning German students involved with Leftist organizations. I have asked [ ] to provide me some information on this.
- 25X1 4. [ ] Talked to Vince Augliere who indicated that Chairman Moss wanted him to check with us about a young lady who wanted to be posted to London. I explained to Augliere that we could give no assurances and further the time period, that is within ten days, simply made it prohibitive. Augliere understood and said he would explain it to Mr. Moss.
- 25X1 5. [ ] William Macomber, Assistant Secretary of State for Congressional Affairs, advised that in yesterday's appearance of the Secretary before the Foreign Affairs Committee, Representative John C. Culver was very critical of the intelligence effort in the Congo. Mr. Macomber suggested that we may wish to review this situation with Culver.
